

Where Tech and Finance Converge

Who We Are

Parsolvo is a boutique technology solutions firm headquartered in Houston with a D.C. office, supported by ~120 architects, engineers, and consultants. Founded in 2019, our leadership team has worked together for over 20 years bridging IT leadership gaps during transitions, growth, and modernization. We specialize in Public Sector, Oil & Gas, and Complex Manufacturing—bringing enterprise-grade solutions to agencies and global enterprises.

Our Approach

Fractional Technology Leadership

Instead of long consulting engagements, Parsolvo delivers senior IT leadership on-demand. Our vCTO/vCISO strike teams deliver measurable results without the overhead of full-time hires.

Our Impact

Data into Dollars. We transform raw data into tangible financial wins. From chargeback and cost recovery in government ITFM programs to procurement optimization in manufacturing, Parsolvo helps clients cut costs, unlock savings, and reinvest in modernization and mission delivery.

Let's Talk

Whether you're scaling an online platform, securing customer data, or optimizing your global associate network, **Parsolvo delivers clarity, execution, and measurable results.**

Core Services

- **Fractional vCTO/vCISO** – Leadership for M&A, cloud sprawl, budget optimization, system integration, and technology rationalization.
- **Cloud Modernization** – Secure migrations and optimizations across AWS, Azure, Google Cloud, OCI, and mainframes.
- **Cybersecurity & Compliance** – Risk-based authentication, NIST/HIPAA frameworks, assessments, penetration testing, remediation.
- **Data Analytics & AI** – AI, ML, RPA, and real-time analytics for decision support, predictive maintenance, and health/product efficacy insights.
- **Supply Chain & Procurement** – S2C/P2P automation, renewals management, cost and pricing analysis for streamlined distribution.
- **ITFM & Shared Services** – Service catalogs, chargeback/showback models, expense management, cost recovery forecasting.
- **ERP & IV&V** – Dynamics, NetSuite, SAP, OCM, PMO, UAT, training.
- **Managed Services & Staffing** – Tier 1 support, BPO, escalation, strike team deployments, tailored training.
